The above figures prove clearly that the Ml Cl people are not in a position to think of putting in hand the costly improvement scheme. It is very doubtful if they can tap such sources of revenue as would yield them sufficient funds to take up the project. Unless Govt are pleased to finance the scheme nothing can be done to improve the Sanitation of the town. The temple has no funds to spare for this purpose.

Is there no minimum income fixed for a place to be constituted a Regulation Municipality

MSR 22 4

The Chief Sources of income at present are

	Rs
1 Tax on buildings & lands -	950
2 Mohatarfa (Shop cart & oil mills)	270

If the place ceases to be a municipality the mohatarfa tax on cart & oil mills amounting to Rs 70 will go to provincial funds

The tax on lands (if any) other than building sites will cease to be credited to Dt funds

Practically in the case under reference the income is not likely to decrease appreciably

If the area ceases to be a municipality ~~unless no tax is levied on Shops within the Union~~

(b) No minimum income is fixed for Constituting a place into a municipality

KP 23 4 15 19 I do not know if it would materially improve matters to Convert the place into a Union (1) For one thing there will be an appreciable reduction in the income & the next place it would appear to be a retrograde Step in Consideration of the fact that the place was perhaps purposely

Constituted into a Regulation Municipality in spite of its small size and insignificance & poor income purposely to improve its resources

2) The only object with which this proposal appears to have been made is to enable it to receive Sub Ventions from the District Board But there is nothing wrong in principle in the D^t Board granting such aid if it is so minded in spite of the place being a municipality Among the inhabitants there are doubtless many who are agriculturists and who contribute substantially to the local funds Hence ~~they are entitled to~~ it is not unjustifiable to confer on them the benefits of D^t fund administration in addition to municipal administration A Precedents are not wanting in which such a thing has been done Mrs Harihar is a municipality but if I am not mistaken, the D^t Board of Chitaldrug was giving a substantial grant to the Harihar water-works

As instances from being a place of pilgrimage fairs and festivals are usually under the control of the Dt Board hence this is an additional ground for Melkote's claim on its support and protection

22 There is also the question of pilgrim tax This question has been raised more than once As early as 23/5/10, the then 1st Councillor has remarked " I should not be surprised if the Council ask for the imposition of pilgrim tax on Melkote notwithstanding our experience of Sravana Belagola the circumstances of which are peculiar (Para 3 of notes on Rel file No 311 of 09) The point is adverted to in the Dewans tour notes also (Flag U) but it does not appear as if the subject has received adequate consideration May the Dy Comr be asked to consider in detail these two aspects of means of improving the resources of the place If nothing substantial can be done in these ways, the question

Sir,

Adverting to your letter No 1243/Ml 432-13-3 dated 31st July 14 calling for proposals in the matter of improving the sanitation of Melkote, I have the honor to state that it is reported by Sub Division Officer that the town is built on a hillock, that the streets being narrow a good many houses have to be pulled down in order to widen them that the present income of the Municipality is barely sufficient to maintain the required ordinary establishment charges, that the place being a non-commercial one there is no means of improving the income that the inhabitents are generally poor and that matters will not improve even by the revision of house tax The town being in the interior and far from high roads, the introduction of Octroi system will not yield any large income The only important occasion on which there will be a large assemblage of persons is the annual Vairamudi Jatra and the Deputy Amildar reports that no help can be expected from the pilgrims It is reported that a project was once prepared by the Sanitary Engineer (Mr Dhore) for the sanitary improvements of the town at an outlay of about Rs 50000/- The Municipality is a very poor one and even Public Works of an urgent nature cannot be executed annually for want of funds The Deputy Amildar the Vice President is of opinion that the town if converted into a Municipality may expect help from Government and gradual sanitary improvements effected and that the contribution now paid on account education would be saved.

Sir,

With reference to your letter No. 9120/Ml. 32-13-5 dated 20th May 1915 calling for proposals regarding the levy of pilgrim tax in Melkote Municipality and for improving the financial resources of the Council, I have the honor to state that the council are not in favour of levying a pilgrim tax on the ground that it will operate as a great hardship on pilgrims who are generally poor and belong mostly to adjoining places. It is also reported that the pilgrims experience much difficulty in performing their journey as there is no Railway communication to Melkote and that consequently the levy of the above tax will add to their inconveniences. It may be stated here that, proposal to levy a tax upon pilgrims in the shape of 'Sanitary Cess' was not sanctioned by Government Vide Government Order No 4672/Ml. 186-12-4 dated 4th January 1913. The Council are of opinion that their financial resources should be improved by Government by other means without imposing new taxes. A copy of the Council's resolution passed on 22-7-15 is herein enclosed.

The Vice-President proposes that in lieu of pilgrim tax, octroi on certain articles and cart-tax may be levied temporarily during the jatra which lasts for about 2 or three months. The President has been asked to submit a detailed report with a copy

Sir,

With reference to your letter No 2953 M1 432-13-7 dated 14th November 1916 calling for further particulars in the matter of levying pilgrim tax in Melkote, I have the honor to state as follows ---

1 The number of piligrims that visit the place during the Jatra seasons is reported to be about 10000 The number of bullocks and carts that go to the jatra is reported to be about 300 and 500 respectively Melkote is 18½ miles from French-Rocks Railway station

3 The area of the country including villages around Melkote that is likely to be occupied by piligrims during jatras is reported to be about 3 square miles

4 The annual expenditure incurred on conserving the place and its vicinity during the jatra seasons and cleaning the same after the jatras are over is reported to be Rs 150 But this expenditure is quite inadequate.

5 The Municipal Council proposes the levy of the following taxes instead of levying piligrim tax --

	Items.	Rate	
a	Laden carts	0-2-0	each
b	Unladen carts	0-1-0	,,
c	Spring vehicles laden	0-4-0	,,
d	--do--- unladen	0-2-0	,,
e	Hired motor buses	1-0-0	each day
f	Other motor cars	0-8-0	,,

A copy of the Municipal Council's resolution is enclosed
